Periodic Payment Arrangement Plan

Parents may enter into a payment arrangement with the School to pay school fees on a regular basis over the period from February to November.

The instalment payment will include all known charges including tuition, composite charges, music lesson charges, bus fares, VCE subject electives and camps. The estimated total amount payable is paid over equal instalments with the first payment made on the selected day in February and the final payment no later than the 30th of November 2026.

Please advise Accounts of any changes during the year, such as music lessons, so that the instalment amount can be adjusted for the remainder of the year. Any additional charges that are incurred and not factored into the instalment amount during the year should be paid on or before the last instalment date. On the other hand, if the account is in credit this will be carried forward to the following year or refunded upon request.

Parents wishing to pay school fees by instalment should complete the 'Periodic Payment Arrangement Plan' and send the completed form to the Accounts Receivable Officer no later than the 16th of December 2025 If you have any queries, please contact the Accounts Office on 9262 7704.

Existing families who had payment arrangements in 2025 should complete this form again to set up a new payment arrangement for 2026.

Refer to the School Fees and Charges 2026 Schedule for further payment terms.
